INITIAL CONSULTATION AND TREATMENT: (45min- 1hr)

The first visit includes a history of past and present conditions, consultation, examination, and treatment. Treatment includes:

- Spinal and Extremity Adjustments
- Therapeutic Rehabilitation (PIR) / stretching/strengthening therapies and exercises.

In addition to treatment, you will be educated on the cause of your problem and given the necessary steps to reach the solution.

PHYSICAL THERAPY MODALITIES

- Ultrasound (7 minutes per region)
- Electrical Muscle Stimulation (8-12 minutes per region)
- VIBRACUSSOR therapy
- Stretch and trigger point therapy

FOLLOW-UP/MAINTENANCE TREATMENT (20-30 MIN)

A follow up treatment includes cervical (neck), mid-back, lower-back adjustments. In addition, adjustments are available to extremities: hands, feet, shoulders, elbows, and wrists. Typically, this is weekly, bi-weekly, or monthly appointment based on your condition.

HOMECARE SERVICE
